There is a clear distinction between when the author conjures up some horseshittery opposed to being true to their characters, their growth and their story. Frankly, need to know basis style writing typically annoys the shit out of me. So I got this for free through the goodreads giveaway, and I m glad I got it, because I would never buy it It s irreverent, crass, disgusting, and utterly hilarious I have a love hate relationship with it On one hand, I don t think I have ever laughed out loud as often or, well, loud as I did in this book Then there are so many parts that were too much for my feminine sensibilities I love the idea that some well known and respected author decided he was going to write something so absurd, just because he could I bet he was laughing like a little kid the whole time he was writing it To sum Psycho Proctologists and the Flaming Buttholes of Doom (Psycho Proctologists #1) all up, I thought it was hilarious, and high recommend it to anybody who can t get enough of college boy humor on the other hand, I would absolutely never recommend it to anybody I k AttimesIwantedittobelongerwithmorestory.
