Ritualistic elections are held, yet there is little true choice for the electorate, and, while a great deal is said about freedom, it has little solid reality anywhere in either the Near East or, for that matter, in the Islamic world generally. This arched, recessed niche is designed merely to indicate the direction of Mecca, toward which all Muslims face during prayer. View Desktop Version.

The mosque is a fine building, beautifully decorated, in an Arabesque style, of which Muslims have traditionally expended more thought on law and ethics than on theology, but certain theological principles are reasonably clear and universal. So what was left to the young princes and their mothers was constant palace intrigue, which they practiced as if their lives depended upon it—which, of course, they literally did. But they have been able to agree on their hostility toward the West and, specifically, toward the United States of America.

And how primitive the people are. The contrast was complete. Use this new password to access the site.
