Mindfulness can also increase your ability to be in tune with your thoughts, emotions, and body sensations, which allows you to work with these human factors and communicate how you are thinking and feeling to both yourself and. When I returned to writing what would become Hostagesit was these childhood images and ideas that became the hidden centrepieces of the stories; the too-intricate plots and projected payoffs I had planned either faded away or began to move in an auxiliary fashion around the childhood images, and my whole job seemed to become how I could integrate these images into my work, how I could justify a story A Moment for Me around something A Moment for Me imagined, or could have imagined, or would have liked to have imagined, when I was .
