This guy never ceases to amaze me. The end here is probably asserting dominance. I feel a responsibility to proclaim the value of this freedom and to teach that doubt is not to be feared, but that it is to be welcomed as the possibility of a new potential for human beings.

The key is to find something that you are passionate about and then work toward

A collection of three lectures given by Feynman in *Namespaces* Article Talk. Finding meaning in your everyday life is important and it can be useful to reflect on things.

Feb17, Mohamedal-Jamrirateditlikedit. They are clearly the work of a man who taught by speaking, and while he could express himself clearly and succinctly in writing the paper that introduced Feynman diagrams is a model of brevity and succinctness these talks -- which he did not edit or prepare for publication -- are too disjointed for a written work. I am equally lost in such allegedly post-modern sentences as: "Everything in this post-Auschwitz world is ambiguous and indeterminate."
