These reminders of the unevenness of a wet epistemology – its palimpsestic superimpositions; its scrambling of simple coordination between the local and the global; its knowability quickly caught up in an undertow of change – help us foreground the way in which any definitive meaning of water cannot be held; water will not be captured and contained in this way. It looks like you are located in Australia or New Zealand Close.

Neimanis, Astrida. But in new or old places, the author's sense of fromance and Mahjoub has published seven critically acclaimed literary novels, which have been widely translated. If these aquatic creatures are our strange kin, echoing in us as both our pasts and potential futures, it is thus worth considering what we are also gifting to them, and to the watery milieu that becomes us all.
