BookOnline - Google Books. Based on extensive experience in the analysis of decision-making relating to scientific and technological issues, Roger Pielke Jr goes a long way to be an honest broker himself: between science and democracy. Philosophyoflanguage. His perceptive, clearly worded, and engaging book offers both important academic insights and a model of professional practice for anyone wishing to engage effectively with politics and policy. Media reviews. August18,1.However,scienceandtechnologypoliciesremainimportanttot and the decision to go to war in Iraq; 8. First and most important, scholarship in the field of science and technology studies has shown that the dividing line between forms of political engagement is not fixed in advance but continually shifts in the process of knowledge making.
