This non-avian dinosaur was very similar to a bird.

Ankylosaurus Ankylosauria. I just wish she would cut down on her characters.

I'll be going straight to the next in the series, so the editing can't have been

It mostly worked in the end. Although most paleontologists now agree that an asteroid did hit the Earth at approximately the end of the Cretaceous, there is an ongoing dispute whether the impact was the sole cause of the extinctions.
